Dear Mr Bettles

Thank you for the opportunity to comment on Grain Producers Australia's eight priorities. As always, it is a pleasure to support what you do for Australia's grain industry and agricultural sector, which is a large contributor to Australia's financial wellbeing.

I support all eight priorities and look forward when re-elected to do what I can to help to bring them to fruition. With a national goal of a \$100 billion agricultural sector by 2030, it is imperative that the supply chain is optimised and that Government support its expansion and access to local as well as international markets.

Please do not hesitate to contact me if I can be of assistance.

Yours sincerely
